

An Elephant Underwater - Learning the Latin Language

March 08, 2021

We are proud to announce the release of Fr. Daniel McCarthy & Fr. Reginald Foster's† latest entry into their series on the Latin Language: *The Bones' Meats Abundant*. Fr. Daniel offers a brief reflection, giving insight into his teaching method. You can order *The Bone's Meats Abundant* on our website.

Teaching Latin full immersion is like swimming because the course of human thought expressed in Latin over the past 2,700 years is like a mighty river. We have only to jump in and begin swimming: you'll never be bored.
